

WE ARE INQUIRING INTO... "What planet should we colonise next?"

As Researchers, we are linking information to the questions we created.

As Thinkers, we are giving reasons and/or evidence to explain our thinking.

As Collaborators, we are offering our knowledge to assist other people.

As Self-Managers, we are setting short term goals and reflecting upon them.

As Communicators, we are learning to show our understanding in engaging and creative ways.

- Using Multiplication and Division to solve problems
- Working with Fractions, ordering, renaming, adding & subtracting and finding fractions of shapes & collections
- Using and creating maps and understanding key features such as grid referencing, keys and scale.
- Identifying and measuring angles
- Collecting and representing data and creating graphs e.g. pie, bar, line
